AromaHeat Eye Pillow

A 100% luxury cotton Aromatherapy microwave bag designed to reduce the effects of stress, eyestrain, headaches and tension.

Each set includes the locally sewn eye pillow with a 100% luxury cotton washable cover.

It also includes a 10ml AromaRoll essential oil roller blend.

The generously sized eye pillow applies a soothing pressure to your eyes while blocking out light. The gentle pressure helps to stimulate the vagus nerve which tells your body that it's time to relax and de-stress.

Our AromaHeat eye pillows are made with a food-grade flaxseed which means the bag doesn't develop a strong smell. The bag is odourless and remains so over time – unlike other wheat bags which use wheat.
